

# Railway Historical Society

## Upcoming Membership Meeting

**Sunday, September 22, 2019, 1:00 pm to 3:00 pm**

The Fall Membership Meeting of the Toronto, Hamilton & Buffalo Railway Historical Society will be held at the Niagara Railway Museum, located in the former Canadian National Railways Diesel Shop, at 21 Warren Street, Fort Erie, ON. Bill Sharpe will present a scenic slide show covering the eastern portion of the Welland Subdivision from Smithville onto the Canada Division of the New York Central and illustrate how the TH&B operated the eastern end of its network and gained access to Buffalo, NY. Interchange locations with connecting lines and major navigational water crossings are also highlighted in Bill's presentation which covers different eras in both black and white and colour images.

The Niagara Railway Museum is home to many artifacts, including several pieces of preserved prototype equipment, including TH&B 2676, a 100-Ton gondola constructed by National Steel Car in Hamilton in February 1966. TH&B 2676 is the last surviving TH&B gondola and was the last TH&B freight car to remain on Canadian Pacific's freight equipment roster.
